St. LUKE'S HOSPITAL .- The corporate existence of this institution dates from the 1st of May, 1850, but the delay in obtaining a sufficient grant of land has been such as to prevent the managers from making ageneral appeal for funds until very recently. The ground on which it is proposed to erect the hospita building consists of twenty-four lots on Fifth-r., be tween Fdry-fourth and Fliny-finh-sts, which were formely conveyed by the City to the incorporated Church of & George the Mertyr. On what term this acquicition has been made for hospital purposes, we are not sdriged, but it is said to have been effected through theinstrumentality of the controller of Trinity Church, The managers solicit contributions to the amount of one hundred thousand dollars, estimating that "less then balf that amount would not be sufficient for the erection of the necessary buildings, and the remaining talf is the least that can be named as the first invest ment for an endowment." The objects of the Society. as defined by the first article of its constitution, are "the establishment, support and management of an in stitution to be known as St. Luke's Hospital, for the pur pose of affording medical or surgical aid, and nursing, to feker disabled persons; and also to provide them, while hystes of the hospital, with the ministrations of the larges of the hospital, with the ministrations of the Gospel, agreeably to the doctrine and forms of the Protestat Episcopal Church. A further object of the institution shall be the instructing and training of suitable percess in the art of nursing and attending upon the sick. The sames in the list of officers are a sufficient guarantee of the faithful and judicious expenditure of whatever amount of money may be subscribed. BLACKWELL'S ISLAND.'-Some of our theles, who made the tour of this interesting region alew days since, to look into the hidden mysteries o cine and its punishment, and poverty and its relief, speak warmly of the polite attentions of Dr. Otis o the Penitentiary Hospital, Dr. Haig of the Alms House Department, and Mr. Fitch, Warden of the Female De partment of the Alms-House. The crowded state of the latter Department calls for some remedy, and Mr Fitch thinks that the best change would be to build a washhouse, so that the washing may not be done in the titches, as it now is. The institutions generally are in excellent order.

ECONOMY IN FUEL FOR STEAM-EN-INES.—We have already frequently spoken of D. Griffin & Cc.'s improvement in the mode of setting Steam-Bollers, whereby (as some scores of leading manufactur ers by steam bave testified from personal experience) a saving is effected of fully twenty-five per cent. of the fuel formerly required. We now learn by a note from the Captain and Engineer of the steamboat Columbus, plying hence to Staten Island, that the patentees have suc coeded in applying their improvement to that boat, whereby they certify that they have effected a saving of twelve tons of coal per week, and been relieved from the annoy see and danger formerly experienced from sparks and cinders. Of course, if this may be done with one boat, it may be with all. Why, then, may not the same be applied to the boilers of Locomotives with like advantage? Will not those interested look into the

THE "BIG TENT" STILL AWAKE -Although the last two evenings have been very inclesent, the enthusiam at this Pavilian is on the increase. The gatherings continue large and respectable, in spite of wind and weather. The meeting of Monday evening was the most enthusiastic of the season. The addresses by Rev. J. E. Rockwell, W. H. Van Wagner, Rev. Lucien Burleigh were of a powerful, earnest and effective character, calling forth enthusiastic responce from the audience throughout the whole evening. The meeting last evening was addressed by Samuel Wilkins, W. Van Wagner and others in a fervent manner. The impression made on Monday and Tuesday evenings was so apparent for good that every lover of his country or of this cause must have been moved to highest purposes in the overthrow of the tyrant Rum, and every heart must have been warmed and cheered in view of success in the future.

THE LADIES AND TEMPERANCE .- The ladies of the Seventh Ward held a very spirited and interesting meeting, persuant to adjournment, on Monday afternoon in Mr. Van Wagner's Temperance Tent, in Madison, near Jefferson st., Dr. Rivenburg acting as Chairman and E. L. Theall acting as Secretary for them. The meeting opened with prayer by Rev. H. Chase; after which the Report of the Committee on Constitu-tion and By-Laws stated they had discharged their duty, and handed to the Chairman a Constitution and By-Laws, which, by request, he read for the approval of the meeting, which was accordingly done, and the Constitution and By-Laws, as read, were adopted for the government of the "Ladies' Temperance Alliance of the Seventh Ward," auxiliary to the Seventh Ward

An invitation was then given for the ladies to become constitutional members. Sixteen came forward and recorded their names as members.

Mr. Leigh and Rev. Mr. Warren, of the Central Alliance, Mr. Beck of the Fifth Ward Alliance, and Mr. Van Wagner then addressed the meeting, setting forth the importance of such an Association, and by perseverance and labor more good could be accomplished by ladies than by the sterner sex, and there was not a doubt expressed but by constant exertion success would ultimately crown their efforts.

A committee of all the ladies who had signed the Constitution was appointed and requested to retire for the purpose of nominating officers. After consultation, the following ladies were elected to fill the several offices:

It was with great reluctance the abovenamed ladies could be prevailed upon to accept of the responsibilities of office, owing to that modesty which is so characteristic of the female sex. The ladies of the Seventh Ward have reason to be proud of the selection here made, which, for respectability and intelligence, will vie with any in the community. If the spirit of harmony and zeal manifested in the cause on this occasion will be-much good will be accomplished and the rum grocers driven from our midst.

After passing a vote of thanks to Dr. Rivenburg and E. L. Theall, who bave acted as Chairman and Secretary, the meeting adjourned to hold a mass meeting in the Tent on Wednesday evening, when Mr. E. D. Culver and others will be present and address them. There will be singing by the Quartette Club.

TEMPERANCE-The tide is rushing onword.—Although Monday evening was inclement, it made no change in the enthusiasm at the "Big Tent." A respectable audience came together, and although there were not quite so many in consequence of the rain, the zeal and ardor of those present more than offset the dif-

erence in numbers. The meeting was opened by prayer by Rev. Mr. Walters. After which there were addresses from Rev. J. E. Rockwell, W. H. Van Wagner, and Rev. Lucien Burleigh. The addresses on this occasion were of the mos effective character and there seemed to be a new power and a new tervor at work at this stage of this series of meetings. At the close the Vice-President of the Seventh Ward Alliance, Mr. Jl. T. Hewit, made some deeply interesting remarks. The meeting then ad-

HORRIBLE AFFRAY .- Two Men Mortally Wounded .- Yesterday afternoon, a frightful affray took place at the house No. 284 Mulberry st., in which three men were stabbed, two of whom will in all probability die of their wounds. It appears that an Irishman named John Dolan and his wife isabella have been for some time past living very unhappily together at the house above referred to, in consequence of suspicion of her chastity having been entertained by her husband, although there appears to be no just ground for suspicion of licentious conduct on her part. The difference between them, however, became so serious that James Donelly, the father of Mrs. Dolan, who resides at No. 361 Twelfth-st, at last determined to listen to the frequent requests of his daughter and try to seperate her from her husband. After several ineffectual attempts to bring about a separation in an amicable way, the old man, accompanied by Hugh and Owen Duffy, Peter McGian, Patrick Oval and James Dapelly, his son, went yesterday afternoon to Dolan's house to bring Mrs Dolan away and to get her clothing. Scarcely had they entered the prenises when Dolan came home and forbade all interference. Falling to make an impression upon them, he commeaced attacking them and soon drew a knife-a general fight then took place; Dolan buried his knife in the abdoman of Hugh Duffy and immediately after plunged it into the head and arm of Donelly Senior. He had also a vistol, but in the melée, he found no opportunity to use it, and shortly afterward the knife was wrested from him, and he himself was stabbed in the head and in various parts of the body. At this stage of the proceedings Officers Smallman, O'Hare, Davis, and McKnight of the Fourteenth and Fifteenth Wards made their appearance and secured the whole crowd. Dolan and Duffy were so dangerously wounded that they had to be conveyed to the New-York Hospital. The rest of the men, with the exception of McGian, were locked up

up Justice Wood. DEAD BODY FOUND .- The body of a boy, inclosed in a box, was found in Twelfth-st., between First and Second-ava., by some laborers, yes. terday morning, while they were engaged in digging a cellar. It was taken to the Seventeenth Ward Police Station, at which place the Coroner will hold an inquest

The body of an infant was found on Monday night in in the sink in the rear of No. 69 West Thirty-fourth-st. It was much decomposed. The Coroner was notified to hold an inquest upon it.

ALLEGED EMBEZZLEMENT BY A CLERK. -A young German named Henry Van Bremen was yesterday arrested by Officer Sterrett of the Sixteenth Ward, on a charge of baving embezzled, at various times during the past eight mouths, about \$2,000 in money and goods from the store of his employer, Mr. John H. Dryer, grocer, of No. 273 Eighth av. It appears from the affidavit of Mr. Dryer that he hired the accused in the month of October last, at a salary of \$10 per month; that since that time Mr. D. has missed, on several occasions from his store, money and goods: and suspecting that his clerk was the party, he caused his arrest; and on searching his trank found a bank book showing deposits in the Bowery Savings Bank to the credit of the accused, amounting to nearly \$1,400, all of which it is supposed was taken from complainant. There were found also papers and letters, from which it appears that from time to time, the accused has sent sums of money of various amounts, and quantities of goods to certain persons in Germany, and among the goods Mr. Dryer finds a description of property missed from his store. Since the arrest of the accused he has made contradictory allegations as to the manner in which he became possessed of the money found deposited to his credit in the Savings Bank, and this, in connection with the belief of Mr. Dryer, that at the time the accused was hired by him he had no money of consequence in his possession, led him to suspect the accused of being the individual who had taken the missing property. was taken before Justice Stuart and committed to prison for further examination.

ARREST OF FUGITIVES .- Two men, named Gorden D. Pratt and John White, were, on the night of the 6th of May, arrested in Philadelphia by Constable Hatfield of that city, with a large quantity of wearing apparel, broad-cloths, silks, &c., in their possession, for which they could not satisfactorily account. The accused were locked up, and recently it has been accertained that the goods had been stolen in this City. Pratt, who was willing to be brought to the City without a remisition, a day or two since made his appearance here in custody of Officer Hatfield, and yesterday a portion of the goods was identified by Mr. James De Gray, mer. chart of No. 133 William-st, as having been stolen from his store; Mr. Edwin Martin, merchant, of No. 112 William at, also identifies a portion of the goods as his property. Many articles, however, still remain unclaimed. They can be seen on application to Mr. John son, Clerk of Police, at the Lower Police Court. Pratt was committed to prison by Justice Osborn. White is in prison at Philadelphia, he having, by advice of counsel, refused to return without a requisition from Governor Hunt.

CHARGE OF GRAND LARCENY .- John Johnson, alias Long, was yesterday arrested by officer Maynard of the Fifth Ward charged with having, on the 17th of August last, stolen from a carpenter shop at the corner of Fourteenth-st. and Fifth-av. a quantity of carpenter's tools valued at \$40, the property of Mr. Henry H. Sherman, residing at No. 136 Amity-st. Pawn tickets for most of the property, which had the name of Mr. Sherman stamped upon it, were found in possession of Johnson, and the goods were recovered from the shops where they had been pawned. The accused is an Englishman about 45 years of age, and a resident of Brooklyn. He was committed to prison by Justice Os-

ATTEMPT TO PICK POCKETS .- TWO men named Wm. Barsley and John McFarlin were arrested at 3 o'clock on Monday afternoon, while in Hall's Garden at Harlem, where the Turners were engaged in their annual celebration, charged with attempting to pick the pocket of a lady. In the possession of Barsley \$80 in American gold coin was found, and a valuable gold watch was found on the person of McFarlin. Both were taken before the Mayor and committed for

U. S. CIRCUIT COURT .- This Court opened yesterday, before Judges Nelson and Betts. Motions were heard. The argument calendar will be taken

U. S. DISTRICT COURT.—Before Judge Judson.-Samuel G. Adams, and others, against The Steamboat Bay State.-By the owners of the brig Lucy, to recover damages for collision in May, 1850, about twelve miles from New-Haven Light. The brig, it is said, was on her way to New Haven, in ballast, and the Bay State was coming to New-York. The Bay State, it is alleged negligently ran into the brig, stove in her larboard side, and caused to her other injury. Suit is brought to recover damages-amount placed at \$1,000.

In defense, it is said that the collision was caused by fault on board the brig-that the Bay State was seen by the brig fifteen minutes before the collision, while the light on board the brig was only discovered three minntes before, when it was impossible to avoid the collis ion-that, if the course of the brig had been altered a single point, it would have prevented it-that the mate had never been before in Long Island Sound, and that sufficient men were not on deck, &c. The points are denied. Decision reserved.

COURT OF COMMON PLEAS-Before Judge Ingraham - William D. Logan agt. Thomas R. Foris.-To recover damages for alleged assault and battery. The parties were on board a sloop at the wharf at Ward's Island, observing a regatta, of boat race, in August last. It is alleged that defendant offered to beon one of the oarsmen, when a remark was made by plaintiff which gave offense, and it is charged that de fendent caught hold of plaintin by the collar, struck him in the face, and attempted to throw him overboard. In defense, it was said that plaintiff made the first assault, and attempted to throw defendant overboard. Verdict for plaintiff, \$50, which carries costs.

The People agt. William Anderson and Norman Marsh .- On an' abandonment bond, given in favor of Mrs Catherine Anderson, already referred to. Verdlet for plaintiff, \$100.

Before Judge Da Isaac Alexander agt. Herman Bernheime .- Plaintiff is a working jeweler, and also kept a

jewelry store in Grand-st. Defendant is an importer of jewelry and fancy articles, having an establishment in Beaver st. The action is to recover damages for alleged

invalid detention of goods, which is denied. Plaintiff says that, being indebted to Mr. B. in the sum of \$4,600, and also indebted to other persons, and apprehensive that the latter would proceed against him, consulted with Mr. B., whom he wished to secure, as well as to protect himself; and it was finally agreed that plaintiff should confess judgment to Mr. B. for \$4,600, an execution issue, and sale made by Sheriff, Mr. B. to purchase the stock, and plaintiff continue in the establishment. Plaintiff says he proposed to have a public sale, but Mr. B. thought it best to have the sale In a quiet way. The Sherid's auctioneer came, but Mr. B. proposed that his own auctioneer should seil, and he It is charged that plaintin had a stock worth \$12,000, most of which was bought at nominal prices by Mr. B.; that after the sale, he ordered a cart, and caused the property to be removed to his store, in Beaverst. saying to plaintiff it was a necessary form, and he (plaintiff) might come next day and get them back; that plaintiff afterward did apply, but Mr. B. refused to give the goods up, &c.

In defense, it is said that a bona fide sale on the judgment and execution took place; that no contract or agreement, either public or private, was entered into as alleged, and that Mr. B. only purchased a small por tion of the goods that were going below their value, and that the remainder was purchased by other persons. This was denied, it being contended that there was an agreement, and that Mr. B. purchased most of the goods. The case is on.

## BROOKLYN ITEMS.

COMMON COUNCIL. - An adjourned meeting was held last evening, at which there was barely a orum present. A resolution was adopted, directing the Collector of Taxes and Assessments to proceed with all due diligence in collecting the arrears of assessments, both those prior to Jan , 1851, and subsequently. A communication received from the Mayor, on the subject, was referred to the Law Committee, for the purpose of reporting whether any additional powers are necessary to enable the Collector to carry this resolution into effect. Ald, Hawhurst offered a resolution that a Committee be appointed to make the necessary arrangement for celebrating the birth-day of our National Independence, July 4, 1852, and that the sum of \$500 be approprieted for such purpose, to be raised by tax in the current year. That part of the resolution relating to the appointment of a Committee was adopted, and the residue was laid on the table. Ald, Sulwell offered a resolution directing omnibus proprietors to so arrange the steps of their stages as to prevent people from stand ing upon them, which was adopted,

Mass Ratification Meeting .- A mass meeting to respond to the nominees of the Baltimore Loco Convention is called for Thursday evening the icth inst., at the City Hotel.

On Tuesday next the corner stone of a Monument to be erected to the memory of the late Lieut D. W. Baldwin, will be laid in Greenwood Cem etery by the Franklin Guards. It is expected that the 14th, 70th, and a portion of the 13th Regiments will participate in the solemnities of the occasion.

Rev. James Freeman Clarke, late of Boston, has received an invitation to accept the Pastoral charge of the Second Unitarian Society. Mr-Clarke is one of the ablest men in his denomination, and his accession to the proposed office will be regarded as

NEW STAGE ROUTES .- Petitions were presented to the Common Council, on Monday evening. for a license to run a line of stages from Catharine Ferry to Greenwood, and one from Fulton Ferry through Fulton-street and Flatbush-avenue to the city line.

EXTENSIVE ROBBERY .- On Sunday last, the house of Mr. Smith, on the Clove-road, was burglariously entered while the family were absent, and "... following sums of money and articles were caracted from a bureau in one of the rooms of the second story : Eighty dollars in fives, on the Manhattan Banking Company; twenty-six sovereigns and two snuff-boxes, one of gold and the other of silver, both beautifully ornamented, which, together were valued at over \$100. On the return of the family, no one observed that anything had been misplaced or disarranged, until Mrs. Smith had occasion to go to the bureau, which she found had been relieved of everything valuable in it. The police were immediately informed of the circumstance, and every effort has since been made by them to find a clue to the stolen property, but thus far without success.

RED HOOK POINT .- A petition from a number of the residents of Red Hook Point was submitted to the Common Council, at its last meeting. It represents that, being ocated in a remote part of the city, they are unprotected from the ruffixnly attacks of dogs, rowdies and loafers that infest their neighborhood; that if a quarrel takes place within seven miles around, the difficulty is settled on Red Hook Point, and that generally on Sundays, and that bathing is a common practice around their shores, proving, as it does, a great annoyance to the whole community, and particularly to the female portion. They request that two policemen may be stationed in that portion of the Ward, "who will put an end to all rowdyism, loaferism and dogism. The petition was referred to the Chief of Police and Aldermen of the Ward,

THE SYNOD .- The General Synod of the Reformed Dutch Church was chiefly occupied yesterday, with the case of appeal by Rev. John S. Ebaugh. It will continue to-day. The addresses that were expected last evening, from Rev. Dr. Pomeroy, Secretary of the Board of Commissioners for Foreign Missions, and of Rev. Dr. Stiles, in b half of the American Bible Society, were deferred to this day at 4 o'clock; at which time Rev. Dr. Pinney, for the American Colonization Society, will also be heard. Yesterday, Rev. Dr. Abeel, as President of the Synod, received Rev. Mr. Van Zandt as Delegate from the Old School Presbyterian General Assembly, with appropriate remarks, in response to which he made an address of much elequence and beauty. There was no session in the evening.

ENGINE HOUSES. - The three Engine Houses that are to be built by the authorities are to be erected with mastic fronts, arched windows, two stories high, and each story fifteen feet in hight.

GARBAGE. - Carts have lately been provided to go through the streets and collect the garbage.

CITY ORDINANCES .- The Aldermen have ordered fifty copies of the Ordinances to be printed for the use of the Police.

POLICE.—The doings of the Police pow. ers for yesterday were: sending a vagrant colored child, arrested while begging, to the Alms House; com. mitting a simpleton, found drunk and minus a V, to jail; locked up the only man that was complained of by his

THE COMMON COUNCIL-A Card .-The eight Aldermen that filed their resignations with the City Clerk, viz: Aldermen Narine, Harrison, Wilson, Edge, Barrow, Rapelyea, Miller and Traphagen, have issued a card to the remaining eight members, signifying their disposition to meet with them as a Board, at any time previous to the 21st of June, and transact business for all immediate, necessary purposes, provided the other members likewise file their resignations, respectively, to take effect on the 21st inst. It is a general blic complaint that corporation business is suffering for the want of action by the Common Council. From what we can gather from both sides of this matter, there are local issues of long standing involved in this division; and, that each party to this difficulty in the Common Council are exceedingly tenacious of their objects, is evident, from the unfinching manner in which they have remained unbroken in ranks tarough their tedious effort at organization. The Maine Law, hostility to the Railroad Company, and other local questions, are in volved in the contention.

Last evening a quorum of the Aldermen convened at the Lyceum. About the first movement was a motion of one of the Brokau party-as it is called-to suspend one of the rules of Board; and, about the second movement was a motion of Ald. Wilson, of the opposite faction, fowards the door. Being left without a quorum they adjourned. It is probable that another attempt at a meeting will be made this evening.

IMPROVEMENTS .- Jersey City will be increased this season by the erection of three to four hundred new buildings. The majority of them are wooden ones, but many of them are fine rows of brown stone and brick. Several fine Churches are in the number. That section of the city, formerly Harsimus, out now the western portions of the Third and Fourth Wards, is more rapidly improving in proportion than any other section of the city. The filling up of the low grounds, and the paving of Newark-av. and other fine streets, has much extended the area of business and residence in that section of the city.

WHEELING INTO LINE .- The Democrats of the Third Ward met last evening, at the Schoolhouse in Mercer-st., to form a Ward Club, to unite in arrangements for the Ratification Meeting on Thursday

EXCURSION .- The Continentals, Capt. Pellard, will start for Boston on Tuesday next, to paricipate in the Bunker Hill Celebration.

THE FIREMEN'S CELEBRATION .- It is the intention of Empire Hook and Ladder Co., No. 1, of Jersey City, to join in the New-York Firemen's procession on Monday next. SHADE TREES .- Some apprehension is

felt that the introduction of gas in some of the streets may kill the shade trees; as is said to have been the case in Myrtle av., and Johnson st., Brooklyn.

CUPID-ITY .- An elopement from the higher circles of the city occurred very recently. The affair is kept as secret as possible, and parties are in pursuit of the fugitive victims of mutual affection.

THE POUGHKEEPSIE BLACKSMITH .-Van Wagner, will remove his Pavilion to Jersey City next week, and hold a Temperance Meeting. He will canvass the State.

POLICE.-Two arrests of drunk and disorderly persons, each of whom were sentenced to Jail two days, constitutes the criminal developments of Monday. One of the prisoners was an organ-maker from Newark, who was to have been married yesterday morning to a very respectable young woman of that city. Elated at the prospect, he went on his spree, and, at the hour appointed for his nuptials and wedding tour, found himself in durance vile journeying up to Bergen

POLICE FORCE .- Two constables for each of the four Wards, a night watch of 25 men, and a Captein and Assistant, and 5 Sunday officers, constitute the police force of the city.

The prominent topic of the street is still the Erie Dividend, and the agitation of the subject, and the doubt as to a declaration of 4 \$\psi\$ cent, has occasioned another decline to day. We hear that the subject will be discussed at the Board meeting toerrow, but no decision will probably be had for several days. The earnings, it is understood, with the surplus of the previous six months, will be sufficient for a 4 P cent. Dividend, but the Board is about equally divided upon the policy of making 3 or 4 P cent. There is no reason to doubt that the managers of the Company will declare all that has been honestly earned, and more than that should not be asked. In the present crisis, when they are in the Lonon market for a lean, they have every inducement to sustain the reputation of the work by making as large a dividend as they fairly can. The money borrowed in London, if borrowed at all, will be used for a double track, and for the reimbursement of the income Bonds, which are drawing ? P cent., while the new sterling loan will be made at 5 P cent. It having been suspected in the street that our suggestion that 1st March and 1st September would be fairer dividend days, than 1st January and 1st July, emanated from the Company and was put forth as a feeler by them, we have only to say that the suggestion was entirely our own without a particle of official character about it, such a change never having been alluded to in any conversation be-

tween the mangers of this road and the writer. The receipts of the Norwich and Worcester Railroad for May show considerable decline on the same month of last year. This is partly the result of the reduced rates of freight, and partly of the depressed state of the munufacturing business along the line of the road.

The Bonds are issued under authority, given by an act of the Legislature, by which a Board of Commissioners was appointed for the purpose of constructing works for supplying the City with oure and wholesome water, to be taken from the Passalc. or the purpose of accomplishing this object, the Comest not exceeding six per cent per annum, the sum of \$600,000; and "all the real estate within Jersey City. and all goods and chattels within mid City, belonging to residents thereof, shall be liable for the payment of the principal and interest that may become due on the scrip or bonds to be issued by virtue of this act."
